

HOLIDAY RENTAL CODE OF CONDUCT

Participating Organisations

VERSION: 1.0 March 2012

INTRODUCTION

Holiday rental is a long established practice in Australia and serves a range of purposes. The short term rental of houses and apartments to holiday makers, workers and students makes an important contribution to the local as well as the broader State and national economy. Holiday rental is the term used to describe the rental of a dwelling for short periods, most commonly for weekends or a few weeks for holidays. Short term rental is also used by workers, students and the like who require residential accommodation for a limited period of time.

The use of a dwelling for the provision of holiday accommodation can be considered to be ancillary to the main use of the residential property. A dwelling includes a room or suite of rooms occupied or used as a separate domicile (including a house, villa, town house, apartment or granny flat) whether for permanent or holiday accommodation.

Holiday rental of a residential property is typically through a licence agreement rather than a tenancy agreement under the relevant state and territory residential tenancy legislation.

Holiday rental of dwellings can make a positive sustainable contribution to local tourism and communities, and should be managed so as to minimise any adverse social or environmental impacts. However in some areas, the increased use of dwellings for holiday rental accommodation has led to some impacts on amenity such as in relation to noise and car parking issues.

This Code of Conduct has been developed to provide a self-regulatory approach in the management of holiday rental. This approach has been used in some areas and has been found to be successful in managing amenity impacts associated with holiday rental. This Code of Conduct applies to dwelling properties that are rented for the purposes of holiday accommodation. This Code may be applied to short term rental for other purposes in due course.

This self regulatory approach to Holiday Rental incorporates four components:

- Part 1** This part outlines obligations on Participating Organisations to cooperate and combine efforts to achieve the Objectives of the Code through appropriate administration and enforcement of the Code.
- Part 2** This part outlines obligations on Managers of Holiday Rental Properties.
- Part 3** This part outlines obligations on Owners and Guests required to implement The Code through the Terms and Conditions of the contract between the Owner and Guests.
- Part 4** This part provides a framework for House Rules for Visitors and Guests at a Property to ensure that the amenity of neighbouring properties is not adversely affected.

Holiday Rental Code of Conduct

OBJECTIVES OF THIS CODE

The objectives of this Code of Conduct are:

- a) To establish acceptable standards of behaviour for Holiday Rental Guests and Visitors to minimise any adverse social or environmental impacts;
- b) To assist Owners and Managers of Holiday Rental accommodation to meet the needs of all stakeholders including Guests, neighbours, local communities, local councils and government authorities; and
- c) To inform the community of the standards of conduct expected from Holiday Rental Owners, Managers, Guests and Visitors so as to effectively minimise amenity impacts.

Government authorities and private sector bodies are encouraged to endorse this Code of Conduct and to work cooperatively with Participating Organisations to achieve its Objectives.
